## **Office of the President**

December 11, 2009

Dr. Gary Gibbons  
Director  
Cardiovascular Research Institute  
Morehouse School of Medicine  
720 Westview Dr, SW  
Atlanta, GA 30310

Dear Dr. Gibbons:

The Morehouse School of Medicine (MSM) is excited to kick off our internal assessment of the core requirements and comprehensive standards prescribed by the Southern Association of Colleges and Schools (SACS). This internal assessment will offer us the opportunity to reflect on the excellence exemplified in our programs and to identify and target areas that are in need of improvement. Ultimately, this process will help our institution by enriching its culture of academic excellence and foster public confidence in MSM's ability to provide quality health education programs. We will complete our self assessment by third quarter 2010 and will be reaffirmed by SACS in 2011.

As we move forward with our internal assessment, I ask you to serve on the Institutional Effectiveness Committee, chaired by Dr. Gail Mattox. This committee will oversee the creation and maintenance of an internal planning and evaluation system for continuous institutional self examination through the SACS process and beyond. You will also provide input to the documents that will ultimately be submitted to SACS in September 2010. Your service will help to ensure that our institution will reach and exceed its goals of soaring to new heights of excellence and service.

While 2011 may seem quite far in the future, we are already up against an ambitious timeline. Thank you for your diligence and your service as we move forward in this process. In advance of your initial meeting, Andrea Fox, SACS Accreditation Liaison, will be sending out SACS manuals and materials for your review. Please contact Ms. Fox at 404-752-1510 or via email at [afox@msm.edu](mailto:afox@msm.edu) if you require additional information. If you would like to read more about SACS and the reaffirmation process, please visit its website at [www.sacscoc.org](http://www.sacscoc.org).

Sincerely,

John E. Maupin, Jr., DDS
